Elevated, fully renovated and perfectly located on one of Key West's most idyllic streets, 1525 Von Phister is a beautiful 3BD/2BA modern single level home, designed to impress today's sophisticated buyer. Easy proximity to multiple beaches, restaurants and Key West attractions this highly desirable midtown location is an excellent family friendly neighborhood that offers a wide tree lined street and quiet Key West Living. Completely remodeled in 2015 with new impact windows throughout and single panel disappearing sliding glass doors in both the master suite and kitchen. Spacious rear porch accessible from the kitchen and master suite overlook the private sun-filled oasis with tall mature landscaping offering excellent privacy and security. The exterior rear porch is one of the homes best features. First and foremost, it overlooks the 30ft. lap pool while offering plenty of room for hosting family and friends in the warm winter evenings and provides excellent shade for those who want sun protection. Large oversized master suite with double closets, luxury master bath finished with new cabinets, quartz stone, large soaking tub, separate shower, linen closet and double vanities will not disappoint. Cathedral ceilings and multiple windows with custom electric blinds allow multiple views to the tropical plants and garden. Kitchen is well appointed
