An architecturally stunning renovation & upgrade of this classic Old Town Key West property is sure to meet all your needs. A welcoming front porch awaits as you depart from your rare 2 off-street parking spaces in Old Town, or alternatively, you may choose to arrive by bicycle & take advantage of the separate entrance with dedicated bike storage. A complete irrigation system with landscape lighting transforms the outside into a tropical paradise. One of the most productive mango trees in Key West produces many tasty mangoes each season. Enter the privately fenced & gated yard & take a dip in the heated pool. You can unwind in the backyard after a quick outdoor shower, enjoying the lighted grilling station & multiple spots to relax or dine under the stars. Beyond the impact glass folding doors is a spacious kitchen with an indoor dining area. All cabinets throughout the kitchen & the rest of the home are Hanson and Bringle cabinets. If you enjoy working in the kitchen, there is an induction cooktop and, over the sink, is a large "food truck" window that guests can enjoy a meal or drink outside. For safety and security all the doors & windows (except the front 2 with shutters) are impact rated thus resulting in lower insurance costs. The main bedroom on the 1st floor has been redesigned to feature a spacious walk-in closet & cabinetry with 16 drawers
